Said easement to also extend along any owner's side, rear and front property lines in cases of fractional lots. The person owning more than one lot may build on such lot line and the easement shall be inoperative as to said line provided that such building shall be placed thereon prior to the instigation of use of such easement for one of the foregoing purposes.

It shall not be considered a violation of the easement if wires or cables carried by such pole lines pass over some portion of said properties not within the easement as long as such lines do not hinder the construction of buildings on the property.

Section 6. Each residence shall be provided with and maintain only inside toilets with septic tanks and drain fields or dry well installations meeting the requirements of the Michigan State Board of Health. The septic

Following hook-up, the rates for standard one family residential water usage shall not exceed the sum of \$60.00 per year adjusted not more frequently than annually for cost-of living charges as determined by the United States Government; provided, however, that in the event the water company shall apply for regulation thereof by appropriate state authority, then the rates and conditions of service approved thereby shall control.

Any owner of real property in said plat of Harbor Manor shall have the right to prosecute any proceedings in law or in equity against any person or persons violating or attempting to violate any covenant contained herein, either to prevent him or them from doing so or to recover damages or other dues for such violations. Invalidation of any one of these covenants by judgment or court order shall in no way affect any other provisions, which shall remain in full force and effect.

Section 4. *Severability.* Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any other provisions which shall remain in full force and effect.
